## Opportunities

Every semester, we will be hosting volunteer opportunities for nursing students to help them gain experience and become more engaged with their communities.

Join the organization, attend our meetings, and check out our newsletters for complete information on all that we have to offer:

- Scholarship information and other resources for men in nursing
- Join our mentorship program with pre-nursing students
- Volunteer events
- Upcoming guest speakers
- Mock interviews for pre-nursing students

### **Become a member of the board**

We hold elections yearly in April for new senior board members and in September for one junior representative position. Build your leadership, networking, and collaboration skills by becoming part of our team!

## What to Expect?

Men in Nursing is dedicated to educating young adults interested in the field of nursing. We plan to host seminars that can broaden horizons and expand views on the impact that men have on the nursing profession.

*“As of 2011, 9.6 percent of all registered nurses in the U.S. were male, according to a recent report by the U.S. Census Bureau.” — USAtoday*

*“The goal is to have 20% male enrollment in nursing programs throughout the United States and the world by the year 2020!” –American Assembly for Men in Nursing*
